The reissue specification is objected to as failing to refer to all related applications in the first line of the specification. The first line of the specification as amended in the response filed 12/22/03 fails to mention the application of which the current application is a reissue. The first line of the specification should be amended to state that the current application is a reissue of application 08/812,025, filed March 6, 1997, which issued as US Patent 5,804,184, which is a divisional of application 08/457,797, filed June 1, 1995, which issued as US Patent 5,689,045 and which is now reissue application 09/729,141, which is a continuation of application 08/134,416, filed on October 8, 1993, now abandoned.

The original patent, or a statement as to loss or inaccessibility of the original patent, must be received before this reissue application can be allowed. See 37 CFR 1.178.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened
